Dear Ms Jessica Myers & Team,

The Royal Thai Aircraft #4959 had been handed over and landed safely yesterday at Don Muang Airport, Bangkok @ 1.45pm local time.

My team and I would like to say a big Thank You to you and your team for all of your support, update reports, various email and ultimately all of the deliveries made. This Program would not have achieved the success without all of your effort rendered. Perhaps we can look forward to more programs as well as more of your continuous support in the coming weeks, months and years in all of Airod Sdn Bhd programs.

Thank you.

Regards,

VILAND CHAN
